

LARRY J. SANGRIK, DDS

Worried that your team may not be able to manage a serious medical event? Or, are you interested in providing greater levels of care for apprehensive patients?

Dr. Larry J. Sangrik's courses provide solutions for fear. Dental fear costs everyone when patients don't receive needed care and the practice loses income. Another is the fear that one's team is not adequately prepared to be able to manage a serious medical event. Gain the tools to help patients accept greater levels of treatment and develop strategies to prevent, identify and respond to a wide range of medical crises.

Since 1999, Dr. Larry J. Sangrik has offered dental CE courses to thousands of dental professionals at the nation's top meetings in venues ranging from small groups of 12 to large groups of 1,000. Having been named as one of the nation's leader's in dental continuing education for over ten consecutive years, Dr. Sangrik has written for Dentistry Today, Dental Economics and Dental Practice Success on the topics of medical emergencies and dental fear. Recently, Dr. Sangrik developed and authored a 4-part video and workbook for the American Dental Association on medical emergency preparedness. Dr. Sangrik has completed a research project assessing patient expectations of medical emergencies occurring in dental office, it was published by the American Association of Dental Boards.

Dr. Sangrik has engineered innovative delivery approaches. His "Sweeps" program allows for one course to be taught in rapid succession in multiple locations across miles. He also offers special programs for DSOs that would like to offer a course exclusively for their offices. Training programs are also customized and delivered 'in-office' upon request.

Active in organized dentistry, Dr. Sangrik has long held numerous positions at the local and state levels. He also has served as a consultant to the Ohio State Dental Board on a task force concerning the use of oral sedation.

Dr. Sangrik is a graduate of The Ohio State University College of Dentistry. He completed the intravenous sedation program at Miami Valley Hospital of Dayton, Ohio and the comprehensive externship at Midwest Implant Institute. Having volunteered on the Chardon Fire/Rescue Department, he has personally managed most medical crises, from childbirth to open heart massage.

TESTIMONIALS

Nitrous Oxide course

“Dr. Sangrik made a seemingly dry subject (nitrous training) interesting and informative with his knowledge, passion and enjoyable personality.”

“My team has repeatedly told me that our nitrous training day, an all-day Saturday course, was a great experience. Not one complained from 18 team members about giving us a Saturday says a lot about Dr. Sangrik and his staff.” —*Dr. Cooper Owens*

Medical Emergencies course

“Speaker was excellent. I would definitely retake the course with my whole office if the full day session is offered again.”

“This was a good course and an excellent instructor.”

“Excellent course! Highly recommended.”

“The course was excellent. The speaker was funny and soooo informative!”

“I would love to hear this speaker again. He was FANTASTIC!”

“The class was very interesting. I now realize we need a written protocol in our office for any emergency. Doing CPR and calling the EMS is not everything we need to be doing.”

“Dr. Sangrik presented an outstanding program. Every team member would benefit from this course. I highly suggest a full day format. Two thumbs up!”

Dental Fear course

“Awesome class. Great presentation! Very informative and entertaining. Good pace, excellent lecturer!”

“I enjoyed Dr. Sangrik immensely! He was engaging and I found the topic matter very interesting. I was unsure how much I would be able to use this in my career, but upon reflection, I think that the information will be useful in many areas of my life. I would recommend this course to everyone.”

“The North Carolina Dental Society has had the pleasure of working with Dr. Larry Sangrik for two speaking engagements relative to medical emergency preparedness in the dental office. In addition to being a dynamic speaker, Dr. Sangrik was easy to work with as we developed our programs. He is organized, professional and responsive. I recommend him.”
